Lord, You make the day better,
And you make it clear.
You make it wonderful and full of cheer.
You turn the night to day and make pain go away.

You do it all, whether the great or small.
You do it all— for you it is simple and true,
You make it alright—but how—I haven't a clue.
All I know is that you do.

Steve Rogers 2001

Steve was a passionate man. He was passionate about his family, fishing, football, woodwork , eating and golf, but he was most passionate about serving God in his role as Church Pastor and helping to win souls into God's Kingdom.

He had a quirky sense of humour and loved to tell jokes and play pranks.

He faced life head on and when cancer touched his life, faced it without complaint or "why me", but faced it bravely to the end.

He was a loving husband to Fay, father to Cheryl, Kim, Dale, Lee and Glenda, grandfather, and great-grandfather and is sadly missed and lovingly remembered.
